

EXPLORING ADOPTION?
KNOW WHERE TO GO.

TIP #5

THE CHILD'S NEEDS ARE MET, AND EXCEEDED, IN OUR CHILD-CENTERED OPEN ADOPTIONS.

The litmus test for the success of an adoption program is the well-being of the children they've placed as benchmarked over days, months, years, decades. Meeting the child's needs for attachment, identity formation, self-esteem and belonging is at the heart of our program.
