This webinar was created for our collaboration with DHS. It outlines a way to provide moms who are at risk of state intervention an empowering alternative to foster care and state adoption for children ages 0-3. At OA&FS, she can create an open adoption in which she chooses, meets and forms an ongoing extended family relationship with the adoptive parents. In our high-integrity adoptions, family preservation is achieved by adding family and support. We provide lifelong services, including counseling and relationship guidance.

We'll also address:

- **Culturally Responsive Services**
- **Adoption Positive Language**
- **Dispelling Common Misconceptions**
- **Trauma-Informed Open Adoption**
- **Birthfather Considerations**
- **Domestic Violence and Pregnancy**
- **ICWA (Indian Child Welfare Act)**

Our webinars are engaging and interactive. They include videos of real people living open adoptions, plus a new video of CPS worker Nicole Tucker, who talks about her experience in referring a mom to OA&FS.
